Pen’s Up: Writing Wakan: Native American Culture and New Materialism

This project looks at the Lakota chanupa, or peace pipe, as a communication technology. Tracing Lakota tales and practices, the chanupa is seen as embedded in the relational Lakota cosmology and ontology rather than simply a religious artifact. This ontology is similar to but distinct from recent relational philosophies known as new materialisms.

Presented by,

Dr. David Grant

Associate Professor, Languages & Literatures
