MINUTES OF
GRADUATE COLLEGE COMMITTEE ON CURRICULA
October 15, 2018

Absent: C. Miller, S. Moore, E. Sutton

Guest: O. Grybovych

The meeting was called to order by Chair G. Olivares at 12:03 p.m. in Lang 115.

I. Welcome and Introductions

GCCC Chair Olivares welcomed all present. Introductions followed. G. Olivares stated that both S. Moore and E. Sutton had contacted her about needing to miss the meeting but submitted their vote.

II. Approval of Minutes

October 8 meeting minutes were shared electronically. Minutes were approved.

G. Olivares stated she will resend past minutes so they are all consistently documented in the present tense.

III. Consent Agenda

G. Olivares asked if there are any items on the consent agenda that should be moved to the regular agenda.

No items were removed from the consent agenda.

IV. Consent and Regular Agenda for Department of Health, Recreation and Community Services

G. Olivares stated since we are not having a pre-meeting regarding the revised changes, we will discuss the consent and regular agenda and vote on the curriculum packet with one motion.

C. Nielsen moved to approve the Department of Health, Recreation and Community Services consent and regular agenda. R. Al-Mabuk seconded.

Course on the Regular Agenda

HPE 4667 Human Toxicology for Environmental and Occupational Health: Principles and Applied Case Studies (substantive, title, description, revising prerequisites, terms offered, frequency, department name)

G. Olivares asked if there was any discussion. C. Nielsen asked for a review as to why the excel document has RTCS as the prefix and the agenda has LYHS listed.

O. Grybovych explained that the original name change was to go from Leisure, Youth and Human Services/LYHS to Recreation, Tourism and Community Services/RTCS. After the name change was submitted as a part of the curriculum packet, the department met with the advisory board. The board expressed concerns that the new title wasn’t representative of all of their programs since they have a large number of students who go into non-profit management. Initially the faculty hoped to revise the name change to Recreation, Tourism and Nonprofit Leadership/RTNL but they missed the deadline. Therefore they pulled the name change. The department plans to resubmit the name change in the next curriculum cycle.

R. Al-Mabuk asked about the process of curriculum proposals if the name change is submitted. O. Grybovych explained that it is her understanding that once the title change is approved, course prefixes, titles and descriptions will be revised to have RTNL instead of LYHS and items will not need to be voted on individually. D. Wallace replied in the affirmative.

O. Grybovych stated that HPE 4667 frequency will be changing to variable rather than as listed in LeepFrog. The department decided it would be better to advise students on when the course will be offered versus promising it a certain semester and then they are unable to offer it.

C. Nielsen asked about the graduate student enrollment and their need for this course. O. Grybovych stated that typically there are 12-15 graduate students in the Health Promotion program but it is not a required course at the graduate level, but is an elective option. O. Grybovych highlighted that this is only a required course for undergraduate students in the environmental health emphasis.

Chair Olivares called for a vote on the motion to approve the Department of Health, Recreation and Community Services consent and regular agenda; motion carried and was approved unanimously.

IV. Vote Procedures

Chair G. Olivares asked for discussion regarding possible changes in voting. The GCCC’s general guideline has been that if there are three or more changes, the item would go on regular agenda. If there are only one or two editorial changes the item would go on consent agenda.

D. Cyphert mentioned that those course changes that would be affected because of a department/prefix change, as was mentioned by O. Grybovych, could go on the consent agenda but she would prefer they still show up somewhere. D. Cyphert added it would be helpful to keep courses in numeric order so easier to check online with Leepfrog. D. Cyphert added that courses could have a symbol of some sort if they are only being affected by a name change so the committee doesn’t spend much time on them.

G. Olivares asked for suggested changes in pre-meetings, or meetings in general. R. Al-Maluk stated it is helpful to have department representation to answer any questions. G. Olivares asked if it is minor changes
and everything is on the consent agenda, do department representatives need to attend both, one or neither meeting. D. Cyphert stated it is most helpful if they are at the pre-meeting and then can be told if they need to come back for regular meeting.

D. Cyphert added she would like to see that the GCCC votes on curriculum proposals when the departments are present so they know the outcome before they leave the regular meeting.

G. Olivares will take all of the suggestions into consideration for the 2020-2021 curriculum cycle.

The meeting adjourned at 12:21 p.m.

Respectfully submitted,
